

Workshop

What do we know about Strawberry? Berry School

Target audience: Workshop of special interest to Ma & PhD students and postdoctoral researchers

Date: 24th October 2023

Organisation: IHSM-UMA

Location: Campus Teatinos. Av. Louis Pasteur, 49. 29010 Málaga

Organizer: Sonia Osorio (sosorio@uma.es), David Posé (dpose@uma.es). Instituto de Hortofruticultura Subtropical y Mediterránea-University of Malaga.

PROGRAM

9:00 - 9:20 Registration

9:30 - 10:45 EU Research around berries

- PlantCline (EU project. Biodiversa+)
Johan Stenberg. *Swedish University of Agricultural Sciences, Sweden*
- BreedingValue (EU project. European Union's Horizon 2020)
José F. Sánchez-Sevilla. *IFAPA, Instituto Andaluz de Investigacion y Formacion Agraria Pesquera Alimentaria y de la Produccion Ecologica, Malaga, Spain*
- Development and validation of markers for MAS in strawberry
Iraida Amaya. *IFAPA, Instituto Andaluz de Investigacion y Formacion Agraria Pesquera Alimentaria y de la Produccion Ecologica, Malaga, Spain*

10.45 - 11.15 COFFEE BREAK

11.15 - 12.00 Incorporating evolutionary approaches to studies of Crop Wild Relatives for future IPM solutions

Anne Muola. *NIBIO, Norway*

12.00 - 12.45 Modelling approaches to understand the eco-evolutionary dynamics of polyploids in a changing world

Dries Bonte. *Gent University, Belgium*

12.45 - 15.00 LUNCH BREAK

15:00 - 15:45 Genetic drivers of adaptive flowering time variation in strawberry

Timo P. Hytönen. *Helsinki University, Finland*

15:45 - 16:30 Investigation on the chemical composition of cuticle waxes in *Fragaria L.* genotypes

Henning Wagner. *Hansabred GmbH & Co.KG, Germany*

16:30 - 17:15 Gene regulatory network controlling strawberry fruit ripening and quality

David Posé. *IHSM - University of Malaga, Malaga, Spain*
